

<u>Role</u>	ASP.NET Developer		
<u>Reference</u>	M52-SD-DEV2	<u>Created</u>	15th March 2010
<u>Term</u>	Permanent	<u>Author</u>	Steve Davies
<u>Start</u>	Immediate		

The Role

We are currently seeking a new ASP.NET developer to join our existing development team. The role will primarily focus on development and evolution of our in-house, cutting edge WMS (Website Management System) System52. We work with a diverse client list allowing every project to be exciting and different.

As well as the relevant technical skills, the successful candidate will have excellent interpersonal skills, be comfortable working independently or as part of team, be confident working under pressure and have an enthusiastic and passionate approach to work.

Required Skills

- ASP.Net / VB.Net - v2.0 / v2.0 / v3.5
- AJAX / JQuery
- Web Services
- MS SQL Server 2005 & 2008
- T-SQL
- Visual Studio / Visual Web Developer 2008
- Working knowledge of JavaScript
- Working knowledge of CSS
- The essentials: FTP / IIS / HTML / XHTML

Beneficial Knowledge & Experience

- Online Application Development Experience (CMS / WMS Development)
- eCommerce / eBusiness Experience
- PSPs (Payment Service Providers) - Worldpay / HSBC / ePDQ / Paypal
- ERP / Stock Management / Sales Order Processing / Systems Integration

Other Useful Skills & Knowledge

- Classic ASP
- Browser compatibility awareness

By working with a variety of clients you will be exposed to different approaches and cultures and will become proficient in solving technical problems of all types and sizes. If you're analytical, excited about technology and committed to a career in object orientated development, we want to hear from you.
